Macroeconomic Theory

Using science-driven, fundamentals-based research, Green Alpha Advisors invests in companies whose innovative products and services address a warmer, more populous and resource-constrained planet. We develop financial and investment models of an economy that can thrive within Earth's systems profitably and sustainably. This approach spans global sectors and defines the *eco-efficient* frontier of the Next Economy. Green Alpha seeks companies at the intersection of innovation, profitability and growth. *Green Alpha Advisors invests for the Next Economy.*

Sierra Club Green Alpha Portfolio Management

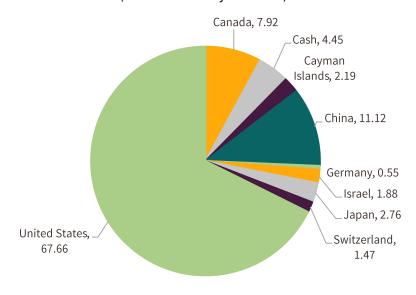

The Sierra Club Green Alpha Portfolio is unique among our portfolios in that it is a blend of Green Alpha Advisors' Next Economy philosophy and the Sierra Club's proprietary environmental and social criteria. SCGA holdings are equity securities, consisting of US domiciled companies and globally domiciled companies whose shares trade on US exchanges. SCGA is an actively managed strategy that seeks long term capital appreciation. The portfolio typically holds 30 to 40 companies.
